wanted to get into a big discussion. In fact I do not understand why there are so many  
threads about that. We are not told anything about the topic in the poll. Well, no matter  
if somebody wrote an article about the topic, I would think he should be the one to  
decide what to write about. I thought the polls were looking at how we see the  
characters of the characters in the series, this one came from the group of people who  
see the characters more like friends rather than just four awesome characters. Why  
should they be the ones to decide who is who in the show? But all that aside, I thought  
the original poll pretty interesting with the results, especially how some of the people  
love Mirajane and has something invested in the survival of the show and hope the  
characters live long and prosper, but others think Spinner is the protagonist of the  
show and should survive. I think I can kinda agree with the group of people that thinks  
that Spiner would be the main character. He is a good guy, and he a lot of integrity.  
Plus, most of the wiki entries are written by him, he is just a cool guy to know. That's  
for sure. Plus, he is a good character to be the lead or main character. You'd have to be  
stupid to not find it interesting
