My import seems to only work within the main method (and the other methods contained in main) but not the methods containing it. public class Bird { public void crow() { System.out.println("Caw!"); }

```
public static void fly() { System.out.println("Whoop!"); } public static void walk() {
    System.out.println("Pow!"); } public static void main(String[] args) { Bird.crow();
    Bird.fly(); Bird.walk(); } } I am unable to run the program (no output). public class
